# Grip lets you move worry-free with anti-slip tiles!

Walk, jog, run, play, rush, commute, and do more without worrying about slipping and skidding with the superior anti-slip tiles - Grip from Colortile.

**GRIPPO**  
COLLECTION

## About Collection

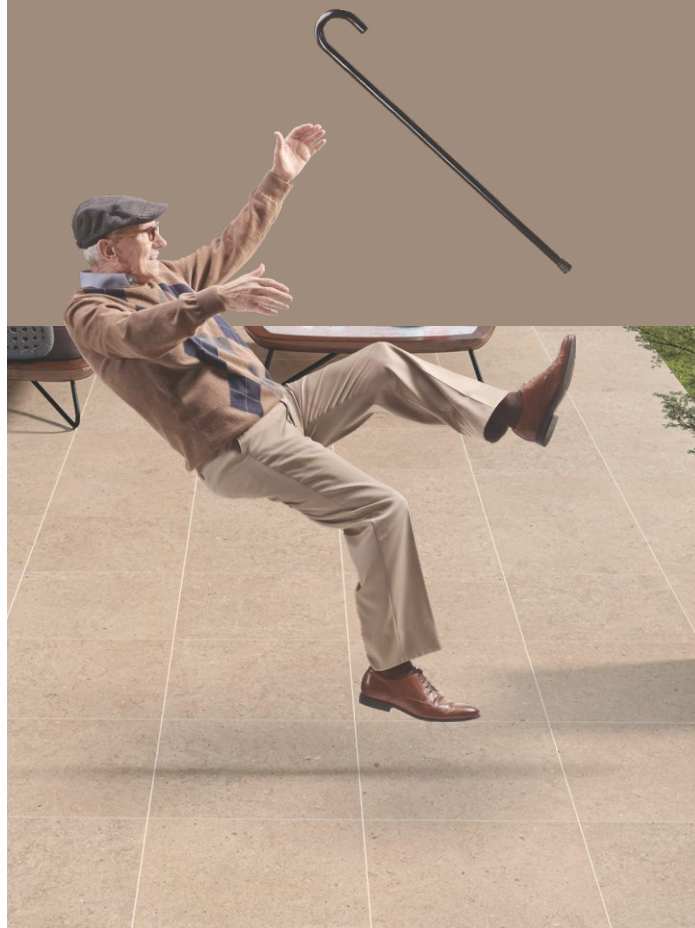

Colortile, with its purpose-led vision, is here with a highly functional and aesthetic solution to surfaces posing a safety risk of slipping and skidding. The Grippo Collection is here to make walking, running, going errands, and indoors and outdoors safer.

The highly textured surface with properties like anti-polishing, anti-abrasion, tactile friction, and more discourages accidents, offering incredible anti-slip solutions for spaces like courtyards, sidewalks, patios, and commercial and public spaces.

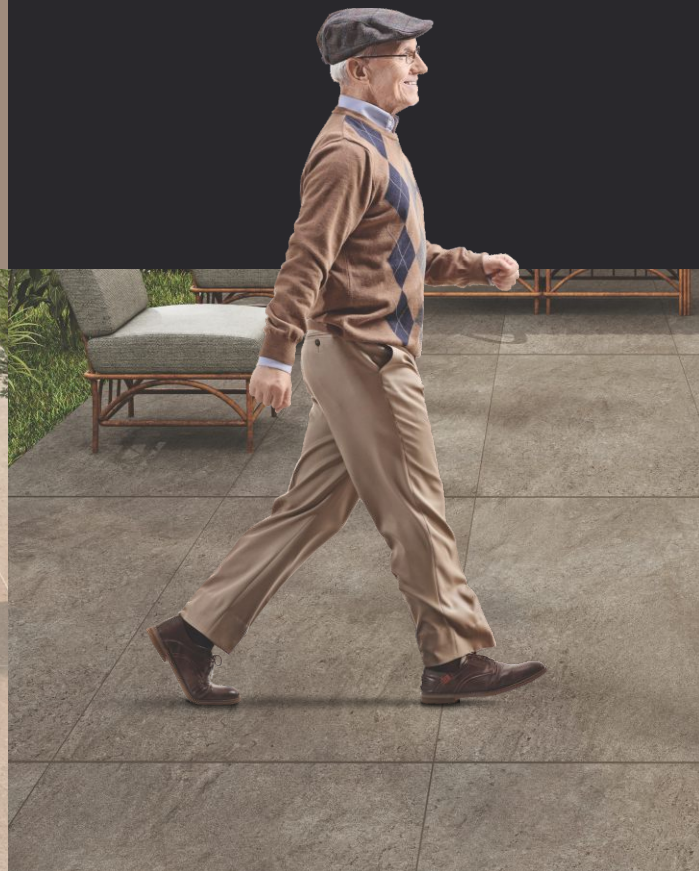

Innovative surface solution for  
no risk of slipping or skidding.

**When you walk on an Ordinary Surface**

**When you walk on Grippo's Anti-Slip surface**

**Anti-Abrasion**

Enduring resilience against wear makes the surfaces resistant to scratches and abrasions even in high-traffic areas.

**Anti-Slip**

Prioritize safety in every step with a textured surface with a high coefficient of friction, reducing the risk of slips and falls.

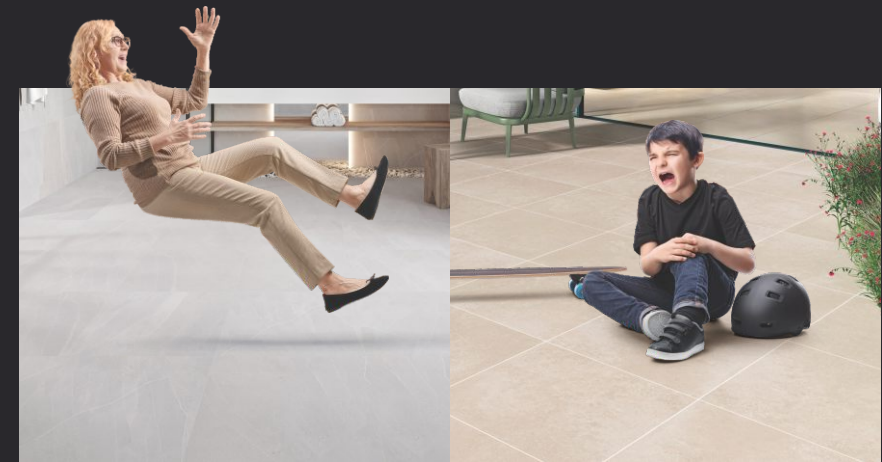

**Anti-Slip**

Have exceptional standards of grip at areas with high footfall to prevent slips or falls and have a safe floor to walk upon!

**WITH ORDINARY TILES...**

The chances of falling or slipping off the ground are high since these surfaces do not have the R10 mark of safety.

**With Grippo's tiles**

You can walk, move, and stay care-free because we ensure guarded safety with our R10 Anti-Skid surfaces.

Transform spaces like homes, patios, commercial establishments, and more with high slip and skid-resistant tiles most ideal for application on floors to transform them into spaces safe to move worry-free.

**Application on Floor**

**Application on Wall**

Versatile form and functionality make the collection ideal for multiple applications like on the wall. The ideal thickness and weight of the tiles allow wall application for rugged interiors and exteriors of spaces facing weather, heavy use, and other atrocities of modern-day uses.
